If you look at a woman's Summer shirt waist there will not be much of the waist to be seen.

Some people are always telling us that there is room at the top, but nine times out of ten they base the statement on heresay evidence without having taken in the top themselves.

"Take things as they come," advises the philosopher, but if he had lived till this fast age he would see people take a lot of things that don't come on fast enough to please them.

Says the Raleigh Post: "There'll be fun, at least for a few months, when Greensboro gets two Republican morning papers going." When a certain class of folks fall out honest men get their dues. We guess those two dailies will have laundries for washing a whole lot of dirty linen.

We refuse to dispute the argument for a bigger navy in order to "guarantee peace" unless we begin again to mind our own business and abandon those foreign entanglements against which George Washington admonished us in the young days of the Republic.

We picked this out of a bunch of similar observations in one of the columns of the Norfolk Virginian-Pilot: "Why, a bunch of violets or a knot of bright ribbon where it adds the most to the wife's charms almost makes a man forget that he is hungry." However, he coudn't be expected to return to work without taking a few bites.

"Time was," remarks some writer, "when one half the world did not know anything about the other half, but strange to say that time has passed." We deny, absolutely, without the fear of successful refutation, that there is anything strange about it. When people away back yonder could not find out anything about each other they didn't have the women's societies and clubs that we have today.

Bishop will preach in St. Thomas' church to-day at High Mass, 10:30 o'clock; also at the evening service at 7:45 o'clock.

COURT IS ADJOURNED

Aggressive Report by Grand Jury Features Close of Criminal Session

BISHOP AND READ CASES

Each Sentenced to Two Years on Roads—Fine of $35 For Machinist Orr Instead of Imprisonment —Procedings in Detail.

The one-week term of New Hanover Superior Court, which was devoted almost exclusively to the trial of criminal causes, expired last midnight by limitation. Judge Allen, who presided, will probably go to his home in Kinston to-day. Solicitor Duffy will leave to-morrow. The next term of court convenes here June 26th.

Features of yesterday's sessions of the court were the sentences of two years each upon John Read and John Bishop, charged with the killing of Wiley Kelly; the imposition of a fine of $35 and costs upon Mr. Robert C. Orr, the machinist who was sentenced to two months in jail, without alternative, the day before for an assault upon Mr. A. P. Yopp, and the report of the grand jury, which was a very agressive one, carrying with it a number of important recommendations, especially with regard to city affairs. The report is published in full below.

Court met at 10 o'clock as usual and of the talesmen ordered summoned for the day the sheriff returned nine as summoned and as not found: C. W. Bishop, T. H. Hawkins, J. T. Canady, G. E. R. Holt, F. A. Montgomery and B. J. Jones.

The case of Tom Brown, colored, proprietor of a restaurant, charged with keeping a disorderly house by indictment of the grand jury at the last term, was continued until next term.

In the case of David Jamison, charged with carrying a concealed weapon, there was a motion for judgment. The motion was continued.

The case of Mr. R. C. Orr, the machinist charged with an assault upon Mr. A. P. Yopp from which a sensation sprung in the Superior Court the day before, came up at the morning session and the defendant submitted. A fine of $35 and costs was imposed.

Case of T. F. Bell, charged with the killing of John Roderick, was continued until next term. It is not thought that the defendant will be able to give bond.

Case of John McKoy, colored, charged with larceny, was continued until next term.

George Clay, colored, charged with carrying a concealed weapon, was found guilty and sentenced to pay the costs.

John Read and John Bishop, charged with the killing of Wiley Kelly, were each sentenced to two years on the public roads of the county. Read submitted the day before to manslaughter and Bishop was found guilty of assault and battery with a deadly weapon after a trial lasting all day Friday. To the judgment in the case of Bishop, George L. Peschau, Esq., the defendant's counsel, appealed to the Supreme Court. Bond for costs was fixed at $25 and for his appearance a justified bond of $500 was required. Neither bond was given and the defendant was remanded to jail, pending a decision of the case by the Supreme Court.

S. D. Taylor, charged with carrying a concealed weapon, was found not guilty.

An order was made condemning the $250 cash bond of Paul W. Young, the defendant not having been found upon scifa issued at the last term.

The Grand Jury's Report.

The grand jury at the presnt term was composed of C. C. Brown, foreman; S. D. Bryant, W. D. Hall, A. M. Hall, H. W. Konig, A. A. Avery, J. P. Taylor, Neil McEachern, W. H. Rothwell, J. H. Johnson, E. A. Kerr, John J. Williams, S. T. Ashe, W. G. Pulliam, W. J. Kirkham, H. W. Howell, G. B. Myers and J. S. King. The jury made report to the court in the afternoon and were discharged with thanks. A copy of the report was ordered by Judge Allen transmitted to the Board of County Commissioners and also to the Mayor of the city, inasmuch as a number of municipal affairs were touched upon in the paper. These latter include a recommendation as to the disposition of city garbage and the purchase of a crematory; regulation of automobile traffic; enforcement of the ordinance as to passage of vehicles in congested districts; unlawful congregation of disorderly bands of youngsters about church entrances, and the bean shooting evil. The full text of the report is as follows:

To Honorable Oliver H. Allen, Judge of the Superior Court of New Hanover County, May Term, 1905.

We, the members of the grand jury, respectfully report that we have found 33-true bills and none not a true bill and that we have made two presentments.

We inspected the county jail, courthouse, county home and work-house and the two convict camps. All of these places were found to be in excellent condition and under good management.

Good Roads Commended.

It is with gratification that we note the improved condition of the public roads of the county and the good work done on them. We feel it our duty to congratulate the people of this county on the faithful and efficient manner in which the affairs of the county are conducted by those in charge and, especially, by the County Commissioners. Two complaints, charging public nuisances were made to us. Both of these were looked into as thoroughly as was possible.

As to City Garbage.

One of these complaints was in reference to the dumping by the city

EMBEZZLEMENT IS CHARGED.

Conductor Tom Croom, of Consolidated Company, Held Upon Charge.

Conductor C. T. Croom, until within the last few days with the Consolidated Railways, Light and Power Company, was arrested yesterday morning by Deputy Sheriff W. H. Cox, and placed in jail upon the charge of embezzlement from the company. The indictment was procured through the grand jury at last week's term of court, Mr. J. McRee Hatch, superintendent of transportation of the company, being marked as prosecuting witness. The amount of the embezzlement named in the bill is only $3, but it is said the prosecution will attempt to prove a larger amount at the trial. Other witnesses named on the bill are Messrs. Albert Gore and Elmer Garrish. Conductor Croom maintains that he is innocent of the charge and is being sympathized with by his friends. He was married only a few weeks and especial sympathy is expressed for his young wife.

Mr. Croom has employed Brooke G. Empie and Herbert McClammy, Esqs., to defend him and at the proper time says he will be able to show his innocence. He was held in jail in default of $200 bond, that amount having been named by Judge Allen when the case was continued yesterday afternoon, but last night some of his friends came to his relief and gave cash bond for the appearance.

EXCITING ENCOUNTER

Two Young White Men Captured on East Wilmington Road This Morning

JOE AND JESSIE MASON

Charged With Highway Robbery and Believed to Be Responsible For Numerous Hold-Ups—Had Pistols and Liquor—Locked Up.

Out on the Scotts' Hill road, between the National cemetery bridge and the residence of Mr. Frank T. Mills, in East Wilmington, about 1:30 o'clock this morning, the capture of two young white men, charged with highway robbery, was effected through the combined efforts of citizens and the police. The young men are Joe Mason, 18 years old, and his brother, Jessie Mason, 27 years old, sons of Mr. Tom Mason, who lives at Third and Queen streets in this city. The men are believed to be responsible for the several hold-ups of country carts, returning from market, that have occurred nearly every Saturday night during the past six or eight weeks. The prisoners are locked up in the police station and will probably be turned over to a magistrate Monday for preliminary trial.

Last night from 11 to 12 o'clock a series of robberies occurred on the road leading through East Wilmington and Mr. F. T. Mills telephoned from his residence to the police station to send some officers out that way as the highwaymen were evidently returning to the city. Sergeant J. R. Hardee got together his squad under orders from Police Captain Smith and put out the Market street road. On their way they met Mr. Geo. R. Smith and a party returning to the city with Jessie Mason, the older of the brothers. A little later Policeman M. C. Gray and H. P. Merritt had arrested Joe Mason, the younger. They found him at Seventeenth and Market street very much agitated and exhausted as if after a chase. Officers Gray at once laid hands on the young man while Officer Merritt pulled a long revolver out of the excited young man's inside pocket.

Mr. Geo. Smith gives a thrilling account of the attempt of three young men to hold him up just beyond the National Cemetery and recognized the Mason boys as perpetrators of the deed. Mr. Smith works at Mr. J. N. Shepard's bar at Eleventh and Market streets and with his little son, James Luther, 15 years old, started to his home on Middle Sound in a buggy, after closing up, between 12 and 1 o'clock. Just beyond the cemetery bridge, Mr. Smith got out of the buggy on the right side of the road for a moment. He heard some one coming in a slow trot down the road and as two others followed, he recognized the voice of Jessie Mason as he said, "Boys, now look out for me." Mr. Smith's little boy was in the buggy and also recognized the voice. Mr. Smith had heard of the repeated hold-ups on the road and when he alighted from the buggy held his pistol in his hand. Mason came on and went on the left side of the buggy to the rear. As he came in sight of Mr. Smith from the rear he threw up his pistol and shouted to Mr. Smith, "Hold up your hands!" Mr. Smith swung round and exchanged shots with the highwayman, who stepped back behind the top of the buggy. Meantime the two others came up and one of them fired across the buggy at Mr. Smith from the left side. The third stood at the head of the horse. Four shots were exchanged in all, when the boy put whip to the horse and Mr. Smith jumped in the buggy. They drove as fast as their horse could carry them until they met a crowd of colored produce cart drivers who besought Mr. Smith to go back with them in search of the highwaymen. A dozen shots were fired at the third man whom they overhauled, but he took to the woods. Jessie Mason later came down the road and was halted. He had a pistol on him and two watches, one of which is thought to have been taken off one of the colored drivers of a cart previously robbed. They also had several flasks of liquor they are thought to have taken from the cart drivers. One of the men during the hold-up of Mr. Smith fired point blank at his son in the buggy, but the little fellow had crawled down in the foot of the buggy and was unharmed. Unless the third man, who escaped in the bushes, was shot no one was injured in the encounter.

The lot, including half of a three-foot driveway adjoining, fronts 33 feet on Fourth stret and runs into the block 125 feet. It is understood Mr. and Mrs. Lineker have purchased the property as a renting investment.

INTERESTING DAMAGE SUIT.

Attorneys Made Motion For Judgment —The Motion Continued.

In the interesting damage suit of S. H. Fishblate against the Fidelity and Casualty Co., of New York, in which the plaintiff is suing upon an accident policy for the recovery of $1,700 for the loss of an eye, Messrs. Wm. J. Bellamy, John D. Bellamy and George Rountree, attorneys for Mr. Fishblate, yesterday in the Superior Court made a motion for judgment for the full amount claimed. The motion was upon the ground of the defendant company's having failed to file an answer to the complaint within the time prescribed by law and according to the rule of the local bar. Judge Allen, after hearing argument by Iredell Meares and Herbert McClammy, Esqs., attorneys for the casualty company, said that he would continue the matter until Monday or until the June term if he is not able to hear it sooner.

The complaint alleges that Mr. Fishblate carried an accident policy with the company and that while crossing the street near his residence on Market street, a passing vehicle splashed mud and icicles from the frozen ground into his face, causing the loss of the eye.

The Junior City Baseball League opened the season yesterday with doubleheaders by the four teams at the old Seaside Park and at Seventeenth and Market streets. The Monarchs took both the games from the Market Street Giants on the last named grounds and the Y. M. C. A. and S. S. R's split even at Seaside Park. The games were witnessed by an unusually large number of spectators and the class of ball played by all the teams augurs well for the success of the league season.

The Monarchs won the doubleheader from the Giants by scores of 10 to 8 and 11 to 1. The line up in the two games was as follows:

First Game.

The game was umpired by Louis Poisson. The all-round playing of both teams was very creditable.

The Y. M. C. A. was defeated by the S. S. R. S. in the first game at Seaside Park by a score of 7 to 5 but in the second game the Association team with Duls, in the box, took the honors in a score of 8 to 2. The line up in the first game was as follows:

In the second game Duls went in the box for the Y. M. C. A. and Schulken took his place at second. Alderman took the slab for S. S. R. and Sallings went to short. Dul's pitching and willow work was the feature of both games. He held the opposing team down to not a single run in the second game until the last inning when his support weakened a little, at a critical moment, and two men crossed the pan. He is a young southpaw with plenty of speed and good control. He also has with his pitching the rare combination of being a heavy hitter. He got three two-base hits in the first game and another in the second game yesterday.

The teams play doubleheaders again next Saturday afternoon.

The Morning Star.

WILLIAM H. BERNARD.

WILMINGTON, N. C.

Sunday Morning, June 4.

NORTH CAROLINA TIN.

The Star noted a week or so ago that a company at Gastonia had been chartered to develop some of the tin veins in Gaston and adjoining counties. We had been expecting a movement of this kind for quite a long time, for it has been many years since the discovery of tin ore was made at King's Mountain, on the border line between North and South Carolina. Recently some of the lands near Bessemer City, Gaston county, known to present a promising prospect for tin, sold to a company at $100,000 and we hear that quite a number of land owners in both North and South Carolina, embraced in this tin region have gotten good prices for options on their lands. It seems, therefore, that the Carolina tin region will soon witness practical mining and we would not be surprised, from all accounts, to see the industry get to the exciting stage some of these days.

Our North Carolina Geological Survey, with Prof. J. A. Holmes, State geologist at its head, has not been idle as to the tin deposits of the State, and under that auspice a booklet has been published under the title "The Tin Deposits of the Carolinas." Considerable prospecting and development work of a preliminary nature now going on in the tin belt have led to an examination of the deposit and the preparation of a report on the same by Dr. Joseph Hyde Pratt and Mr. Douglass B. Sterret, and it is to be found in the publication gotten out by State Geologist Holmes. We are indebted to the Manufacturers' Record for a synopsis of their report and it makes interesting reading.

The Record states that tin ore or cassiterite is found, usually in very small quantities, in 13 States in this country, but with the exception of the discovery in Alaska the ore deposits in North Carolina and South Carolina are the only ones discovered in recent years that have offered any chance of becoming commercial producers of the metal discovered near Kings Mountain, in North Carolina, 22 years ago, but interest in the matter has been marked only since the discovery in 1903 of the Ross mine at Gaffney, S. C.

The report of Dr. Pratt and Mr. Douglass traces the Carolina tin belt from Gaffney, Cherokee county, South Carolina, in a general northeastern direction across this county, the southeastern corner of Cleveland county, North Carolina, and across Gaston and Lincoln counties, North Carolina, and suggests that the deposits in Rockbridge county, Virginia, may be a continuation of the Carolina belt across Catawba, Iredell, Yadkin and Surry counties, North Carolina. The principal locality in South Carolina where tin ore has been found is about one mile north of Gaffney on land belonging to Capt. S. S. Ross. For a distance of 13 miles from a point about a mile northeast of the Ross mine no tin minerals have yet been found. The next place in the belt where tin is known to occur is a short distance northeast of Grover, N. C., a station on the Southern Railway. From this point tin ore has been found almost continuously for more than 14 miles to within a few miles of Lincolnton, N. C., and has been reported a few miles northeast of Lincolnton.

The report treats of the geology of the region, the mineralogical and chemical characters of the ore, associated minerals, the percentage of cassiterite in the veins and the development work that has been done in 10 localities, principally at the Ross mine. Other allied topics are discussed, and the report says:

"The practical question that is at once raised regarding the occurrence of tin in the Carolinas is whether it will pay to work these deposits. There is no question whatever but that the alluvial deposits, like those at the Ross mine, will pay to work and give large returns on the amount spent in obtaining the tin concentrates. These deposits, however, are carrying from 12 to 40 or more pounds of cassiterite to the cubic yard. A large proportion, however, of the alluvial deposits throughout the whole belt will not carry more than a few pounds of cassiterite to the cubic yard, which would mean from one to four pounds of metalic tin. With tin valued at 25 cents this would mean that the alluvial deposits would be worth from 25 cents to $1 per cubic yard, and would very probably pay to work if operated on a large scale, even when the cost of pumping water is taken into consideration, especially as the conditions for mining in the Carolinas are so favorable. Sluicing could be carried on with but few days of interruption throughout the entire year and then labor is cheap, miners receiving from 75 cents to $1.25 per day. Cordwood can be delivered for $1.50 to not over $2 per cord, and consisting of the best firewood, being a mixture of oak and pine. Timber and other supplies can also be obtained at very reasonable prices. The greatest expense will be the installation of the pumping plant and storing of water for hydraulicing.

"Regarding the economic value of the tin ore occurring in the veins, this is a little more problematic. Still, if the veins contain but 1 per cent. of metallic tin, this would make an ore worth $5 per ton and would undoubtedly make a profitable proposition if the deposits can be shown to contain a sufficient quantity of ore, so that a plant could be installed that would be capable of treating about 500 tons of ore daily. Of course, before there should be any expenditure made to equip any of the properties with machinery for treating the ore on a large scale further explorations and tests should be made."

THE NEW CAPTAINS OF INDUSTRY.

It is amusing to observe what vile things numerous Republicans are saying about their former fusion comrade, Marion Butler, and now their full-fledged Republican brother. All their abuse is because Butler and his accomplices want to publish a bush-whacking daily under the alluring auspices of the "Industrial Publishing Company," whereas the old line Rads want to publish a daily from the shop of "The Tar Heel Publishing Company," which is to get its inspirations from Congressman E. Spencer Blackburn's "Tar Heel Club" at Greensboro.

There is a right pretty row over the rivalry of these Republican factions in their newspaper plots, and as a matter of course both sides claim that their paper, Republican like, will be the only champion of the industries of North Carolina. Butler, however, ran the hog over the Blackburnites when he actually incorporated under the style of "The Industrial Publishing Company," and we don't blame them for not wanting him as their rival in the industrial field in which they are to do stunts. They are fully aware that when it comes to political industry it is hard to hoe a row along with Marion Butler. Sure it is that the principal industry which both factions will look after is to get control of the Republican party in the State, and we we will guarantee that the industrious Mr. Butler can teach the other side all about the wire pulling industry.

Finally, what has Greensboro done to be picked out as the scraping ground of the two factions, as if it were the headquarters of Republicanism in North Carolina?

COTTON MARKETS.

New York, June 3.—The cotton market opened easy at an advance of 3 points on July but generally 3 to 4 points lower under further bear pressure and liquidation promoted by lower cables and good weather in the South. Before the decline was checked prices sold off to a net decline of about 10 points on active months when they were steadied toward 11 o'clock by covering and some buying for Long account by parties who take a bullish view of yesterday's government report and regained about 4 to 5 points of the early loss.

BRADSTREET'S TRADE REPORT.

Conditions Improved in the South—Failures Decreased.

By Wire to the Morning Star.

New York, June 2.—Bradstreet's tomorrow will say: Trade reports, crop conditions and, to a lesser degree, collections, display an improved appearance, the result of rather better weather conditions. Weather and crop irregularities color trade reports, but it is to be noted that the northwestern cities return very optimistic reports, the Central West is cheerful and some Southern points report trade better than anticipated earlier. Effects on trade of the backward Spring at the East are being repaired. Industry is still active, though the iron and steel trades are rather quieter, with crude materials easier, though scrap is in rather better tone.

Building is active the country over, and except at Chicago, labor troubles are not seriously hampering.

The textile trade shows irregularity in different lines. Cotton goods as a whole are strongly held, but demand varies accordingly as different varieties are considered.

Business failures for the week ending June 1st, number 154 against 194 in the like week in 1904.

IT'S YOUR KIDNEYS

Don't Mistake the Cause of Your Troubles—A Wilmington Citizen Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary troubles sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Wilmington people testify to permanent cures.

E. Poezolt, merchant tailor, of No. 8 South Front street, residing at 315 North Sixth street, says: "My wife used Doan's Kidney Pills and in her case they proved to be an effective remedy. She suffered with her ankles and could scarcely get down stairs in the morning. We thought it was rheumatism and her ankles would be all puffed up every morning so she could hardly hobble around. Since obtaining Doan's Kidney Pills at R. R. Bellamy's drug store and taking them she seems like another person. She is better in the morning, the swelling left her ankle and from the great relief she obtained we are only too glad to recommend Doan's Kidney Pills to others."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buaffio, New York, sole agents for the United States.

Remember the name—Doan's—and take no other. **

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula, on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearfoss, Md., "after trying different medicines and a good doctor in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at R. R. Bellamy's drug store, price 50c. and $1.00 a bottle. Huge Task.

It was a hugh task, to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach, Guaranteed by R. R. Bellamy, druggist; price 50c. **

Mrs. Winslow's Soothing Syrup has been used for over 60 years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by Druggists in every part of the world. Twenty-five cents bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. **

A Bad Scare.

Some day you will get a bad scare, when you feil a pain in your bowels, and fear appendicitis. Safety lies in Dr. King's New Life Pills, a sure cure, for all bowel and stomach diseases, such as headache, billiousness, costiveness, etc. Guaranteed at R. R. Bellamy's drug store, only 25c. Try them. **

No Secret About It.

It is no secret, that for Cuts, Burns, Ulcers, Fever Sores, Sore Eyes, Boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c. at R. R. Bellamy's drug store. ** **

SPIRITS TURPENTINE.

—A new $15,000 building is to be erected at Catawba College, Newton.

—The State Dental Association meets in Waynesville June 21st-24th.

—During the rain and hail storm Wednesday a negro named Bailey, while plowing in Old Fields township, Wilson county, was struck by lightning and instantly killed.

Catawba County News: The town that tells its vagrants to move on is like the man who throws dead chickens into his neighbor's backyard. Persuade them to stay with you and get them interested in your streets and roads.

—Gastonia News: G. M. Armstrong, of Belmont, tells us a new way to hatch chickens. Line the tops of the bee gums with cloth and have the top removable so that the eggs can be put in and the top replaced, and the warmth of the bees will hatch the eggs two days earlier than the old hen co do it herself.

—Raleigh News and Observer, June 3: The unveiling of the Bethel monument next week will be an important event. Col. J. Bryan Grimes will represent the Governor and make the principal address. Maj. E. J. Hale, chairman of the committee, made application ten days ago for the same rates as have been given to Appomattox, but Mr. Fitzgerald has not notified him yet. It is almost certain that the same rate will be given. Those who go from Raleigh will go over the Seaboard Air Line to Richmond and then take a train on the Chesapeake and Ohio railway to Morris, which is only four miles from the battlefield. At Morrison, vehicles will be in readiness to take them to the scene.

—A dispatch from Greensboro on Friday says: Brodie L. Duke, of Durham, reached here early from Durham this morning, and impatiently awaited the coming of the southbound train from New York. Mrs. M. W. Duke, his second wife, from whom he was divorced, arrived on that train train from California. The two were together in friendly companionship at the Benbow Hotel during the day, taking a carriage drive to Guilford battleground in the afternoon. Mrs. Duke left at 7 o'clock for her old home in Chattanooga, Tenn., Mr. Duke accompanying her to the train. He returned to Durham at midnight. Pending divorce proceedings between him and Alice Webb Duke in New York, it is said, cannot be terminated for six months. Mr. Duke declined to talk.

—The Grand Commandery of North Carolina will meet in Asheville on the 7th of June. At the end of their annual pilgrimage, upon arriving at the destination, they will be given a carriage drive among the mountains and meadows, and will be given a luncheon in the morning with the compliments of the Masons and the Shriners of Asheville. The ceremonial session will be held at night, to be followed by the traditional banquet, at which the ladies will be guests. Arrangements have been made for a visit to Biltmore on the morning of the ninth. More than 400 Shriners will attend the meeting from North and South Carolina, and probably over half this number will be from this State. There will be between 50 and 75 candidates, the majority being from the North Carolina commanderies.

—A dispatch from Winston-Salem on Friday says: R. Don Laws, editor and owner of the Yellow Jacket, published at Moravian Falls, and who is to be general manager of the Daily Tar Heel at Greensboro, passed through the city this morning, on his return from Greensboro, where he attended a meeting of the stockholders of the Tar Heel Company last night. "I haven't decided definitely yet, but I think I will leave my Yellow Jacket in the mountains, though I expect to spend most of my time in Greensboro," said Mr. Laws, who expressed the opinion that the promoters of the other company chartered in Raleigh Wednesday, to establish a Republican paper in Greensboro will abandon their project. The Yellow Jacket man said he would go North at once and buy a first class plant for his company.

A negro excursion train from Washington, N. C., paid Goldsboro a visit on Friday. When the train was nearing Parmele on its way to Goldsboro two negro men got into a dispute over a woman, when one of them pulled his gun and shot the other in the breast, killing him instantly. The murderer then jumped off the train and made good his escape. A dispatch from Washington Friday night says of the affair: Conductor Elsworth of the Atlantic Coast Line, brought down today on his return from Parmele news of a most bloody tragedy which occurred on an excursion train which left here this morning. It seems that one of the darkeys whose name was Daniels, left his seat in the care to go into another one and on his return found another negro in the seat with a colored woman who had occupied the seat with Daniels. Without provocation Daniels pulled the ever ready pistol and shot Ebron through the head, killing him instantly.

—Wadesboro Messenger and Intelligencer: There was a remarkable hearing here last Saturday before Clerk of the Court T. C. Robinson. Frank Robinson, colored, of Gulledge township, recently petitioned the clerk that he be allowed to adopt Ellis Robinson, his grandson, aged 11 to 12 years. Lester Tucker, a white man living in the same township, also petitioned the clerk to the same effect, and the hearing, as above stated, was had Saturday. The extraordinary feature of the hearing was Tucker's testimony, which is given in part below. Among other things he said: "If I am allowed to adopt Ellis I would treat him as my own; I would treat him like a son; I have never whipped him; I threatened him once; Ellis' mother gave him to me two or three months before she died; I want the relation of father and son established between me and Ellis." It is hardly necessary to say that the clerk turned the boy over to his grandfather, who proved a good character.

street cleaning force of garbage within the city limits along Fourteenth street, between Red Cross and Market streets. The jurors visited and inspected the locality and found the complaint well founded. We unhesitatingly condemn this practice of dumping the garbage in this place or anywhere else in the city limits and it should be stopped at once. We recommend that the city purchase a crematory for the disposal of the garbage.

Houses of Ill Repute.

The second complaint was relative to the alleged existence of houses of ill fame in the neighborhood of Chesnut and MacRae streets. We looked into this matter as fully as it was possible for us to do. We had before us a number of citizens living in the immediate neighborhood, but we were unable to secure any evidence on which to base a charge of violation of the law.

Ill Treatment of Convicts.

We had another matter called to our attention with the request that we look into it. The charge was made before us that prisoners at the convict camps were subject to cruel treatment, such as being tied up by the thumbs, severely beaten and otherwise maltreated. From our inspection of the camps and what information we could gather from the persons tuere, we are fully convinced that there is no foundation for such charges.

Regulate Automobile Speed.

We recommend that there be some stringent laws enacted and enforced relative to the speed of automobiles, and as to the giving of signals by them in passing street crossings and in turning corners in the city and that regulations should be made to govern them running on the public roads of the county. The same regulations, we think, should be made to apply to cars on the city and suburban trolley lines.

Enforce Vehicle Ordinance.

We notice that the city ordinance recently passed prohibiting vehicles turning certain corners in the congested parts of the city at a fast speed is not being enforced. We are advised that a serious accident resulting from the non-enforcement of this ordinance, was recently narrowly averted. We recommend that this ordinance be strictly enforced.

Disorderly Youngsters.

Another matter which we recommend be investigated is the conduct of a number of boys who on Sunday afternoons and nights congregate about the churches, especially at Third and Orange streets, and engage in the throwing of rocks and otherwise disturbing the residents and congregations.

After the Bean Shooters.

There is another nuisance in the city which should be more carefully looked after by the city authorities. That is the use of sling shots or bean shooters by boys on the streets. These two nuisances have become a menace to property and to the safety of the citizens. The city officers should see that these practices are stopped.

Case of A. W. Rivenbark.

Before closing this report, we deem it our duty to call the attention of the court to the condition of Mr. A. W. Rivenbark, one of the inmates of the County Home. He is an imbecile, incurable, we suppose. He is attended to and nursed as carefully as circumstance and means at hand for taking care of such a person permit the keeper of the County Home. Still his condition and surroundings are not what they ought to be. We understand that because of his filthy habits it would require two men—a day and a night nurse—to keep him and his room cleanly. He should be sent to the State Hospital for the insane, if it is possible under the law to have him admitted there, or his family should take charge of him. We are informed that the latter are fully able financially to care for and support him. We recommend that, provided it is impossible to secure admission for him in the State Hospital, the county authorities notify his father who is a resident of Duplin county, of his deplorable condition, and request him to take charge of his son and relieve the County of New Hanover of this burden, at the same time providing better care for the man than is to be had at the County Home.

The advancement of prices in numerous cotton and woolen lines nas not led to more than a normal activity among buyers although they admit the impossibility of securing certain goods.

Captain Richmond P Hobson, and his bride arrived in Greensboro, Ala., yesterday afternoon after having driven across the country twenty-five miles. An immense reception was given the bride by townspeople, practically every citizen taking part. Mrs. Hobson, who was reared in the North, has 32 cousins in Greensboro.

Near Biscayne, Fla., five negro convicts at the county camp at Ojus were blown to atoms by dynamite Thursday night. All these men were serving a short sentence on the county roads. Dynamite in large quantities is used in road building and the negroes had become careless in handling it. The bodies of the dead convicts were in every case badly torn and mangled. One, that of Henry Jones, was blown three hundred feet into the branches of a tree where it was subsequently found.

Overshadowing in interest all the other sensational developments in the affairs of the Euitable Life ..ssurance Society, comes an announcement that the controversy between President James W. Alexander and Vice President James Hazen Hyde, is at an end and that these two gentlemen have concluded a defensive and offensive alliance. The basis of this agreement is reported to be that they should in future devote themselves to the interests of life insurance and keep all Wall street entanglements out of the affairs of the Equitable.

THE TRUCK TEST FARM

May Come to Wilmington—Seaboard to Build New Depots.

Special Star Telegram.

Raleigh, N. C., June 3.—The State Board of Agriculture in session to-day was engaged in the hearding of argument of Z. W. Whitehead and others in favor of changing the location of the new State truck and fruit test farm, recently located at Willard, Pender county.

It seems the Truckers" Association want a more accessible point and prefer the Wilmington section. The Board decided to re-open the whole matter of the location of the farm and change it, provided a better location with suitable soil, is found by Mr. Whitehead and his associates who undertake to meet the requirement. Monday, the Board will hear addresses by Governor Glenn and Senator Simmons on the question of immigration with a view to having the Board undertake a work of this kind.

Major F. K. Huger, general superintendent of the Seaboard Air Line, was here to-day before the Corporation Commission with reference to improvement of depots at several points on the Carolina Central from Wilmington to Hamlet. The conference resulted in the announcement that the Seaboard will build a new depot at Rockingham and materially improve those at Laurinburg and Lumberton; also build a new station at Monroe.

BRODIE DUKE'S DIVORCE.

Papers Filed In New .York Against Alice Webb Duke.

By Wire to the Morning Star.

New York, June 3.—Papers in an action for absolute divorce brought by Brodie L. Duke were served today on Mrs. Alice Webb Duke whose marriage to Mr. Duke in December last was the beginning of sensational litigation. At the same time it became known that proceedings pending against Mr. Duke in this county, the object of which were to have him declared incompetent to manage his affairs have been abandoned by a member of his family at whose instigation the suit was begun. His property, however, is now held by trustees.

Mrs. Alice Webb was married to Brodie L. Duke in this city on December 19, 1904. As soon as the family heard of the marriage they secured an order from the Supreme Court, in this county, by which Brodie L. Duke was committed, pending an inquiry as to his sanity. He was confined in a sanitarium several days without being in communication with any one.

When Duke was arrested the whole story came out and furnished one of the sensations of the year. Duke finally was released from the sanitarium by direction of the court. The suit for divorce brought by Duke is based upon statutory grounds.

CRIPPLED SHIPS REACH MANILA

Rear Admiral Enquist Escaped With Three Cruisers From Admiral Togo's Ships

MANY WOUNDED ABOARD

Ships Are Damaged and Probably Will Be Dismantled — Rojestvensky Getting Well—Russian Fleet Short of Amunition.

Tokio, June 3.—The torpedo boat destroyers which have returned to Sasebo furnish details of the capture of Vice Admiral Rojestvensky. The destroyers Kasumi, Usugomo, Sazanami and Kagerou, were ordered to attack the Russian warships the night of May 27th and were steaming ahead when they suddenly encountered a number of Russian ships. The Kasumi narrowly avoided a collision with a Russian cruiser, the closeness of which seems to have saved the destroyers from being damaged by the heavy fire which the Russians directed on them. During the Russian attack the vessels forming the destroyer flotilla divided. The Sazanami and Kagerou continued the search for Russian ships throughout the night and in the morning discovered two torpedo boat destroyers. One of them steamed away but the other was unable to do. On approaching the latter the Japanese discerned a white flag flying from the foremast and a Red Cross flag astern. She proved to be the Bevodi with Admiral Rojestvensky and his staff on board. The Bedovi signalled that her engines were damaged and that she was short of coal and water. An armed guard was sent on board the Bedovi to receive her surrender. The Russians requested the Japanese not to remove Admiral Rojestvensky and the other officers on account of their wounds and the Japanese complied, with the understandstanding that the guard would execute Rojestvensky in the event of the delay leading to a meeting with Russian ships, thus removing the danger of his recapture. The Sazanami ran a line to the Bedovi and began towing her. Her line parted twice. In the morning the Sazanami met the Japanese cruiser Akashi which conveyed the two destroyers to Sasebo. During the trip the destroyers encountered heavy seas and their decks were awash during part of the time.

Rojestvensky Doing Well.

Tokio, June 3.—10:45 A. M.—Rear Admiral Rojestvensky is resting well with no dangerous symptoms and his speedy recovery seems certain. The officers of the Russian battleship Orel have declined to accept parole. They have been given an additional day to further consider the question.

Ships Which Escaped.

Tokio, June 3.—Admiral Togo reports that the Russian special service steamers and transports sunk by the Japanese May 27 were the auxiliary steamer Ural, the transports Kamtchaka and Irtessim and one towing vessel used to assist in coaling at sea and believed to have been named the Russ.

"The Russian vessels present in the recent battle which were not sunk or captured and which are unaccounted for are" Togo's report adds, "the protected cruisers Oleg, Aurora, Isumrud and Almaz, three transports, two torpedo boat destroyers and one towboat. During the battle the Oleg and Aurora were within range of our third and fourth squadrons and were on fire. They may have escaped but it will take time to restore their fighting power."

According to dispatches from St. Petersburg, the Izumrud was blown up by her commander after having run on a reef in Vladimir bay. The Almaz reached Vladivostok early in the week and the Oleg, Aurora and Jemtchug arrived at Manila today.

Three Russian Cruisers Arrive in Manila.

Manila, June 3.—Rear Admiral Enquist, who was commander of the heavy cruiser squadron of the Russian fleet, arrived in the bay at 9 o'clock this evening on board his flagship the protected cruiser Aurora, accompanied by the protected cruisers Oleg and Jemtchug. All the vessels were more or less damaged and there were many wounded men on board. Rear Admiral Train on board his flagship, the United States battleship Ohio, with the Wisconsin, Oregon, Raleigh and Cincinnati, was outside Corregidor island maneuvering when the Aurora saluted with thirteen guns and the Ohio answered. Admiral Train and his squadron accompanied the Russian vessels to Manila.

In an interview, Rear Admiral Enquist's executive officer said:

"When the battle began the Admiral was aboard the cruiser Oleg, which was hit a number of times by large shot. There was an incessant rain of shot from quick firing guns, and the ship was soon badly damaged.

"The Admiral transferred his flag to the Aurora which then drew the combined fire of many torpedo boat destroyers at close range and the attack of submarines. We were overwhelmed by the latter. A mist arising, we made a dash for the open sea and were followed by the Oleg and the Jemtchug."

Rear Admiral Enquist is uninjured. Baptain Ekorieff, of the Aurora; was killed by a shell which struck the conning tower, and the was buried at sea the day before reaching Manila. On the Aurora three officers were wounded, 20 of the crew were killed, and 83 were wounded.

The losses on the Oleg were 13 of the crew killed and 18 wounded. On the Jemtchug the casualties were 21 junior officers killed and one wounded, 12 of the crew killed and 30 wounded.

From their appearance the Russian vessels are not damaged below the water line. Their funnels, however, are riddled by large and small shot. Several large shells pierced the cruisers amidships and a number of guns were dismounted. All the Russian officers interviewed assert that a large number of submarines caused confusion and defeat. Rear Admiral Enquist has cabled his arrival to the Emperor of Russia.

The battleship Ohio and the cruiser Cincinnati are guarding the Russian ships. No official action as to their disposition has been taken yet.

Will Probably Be Dismantled.

Washington, June 3.—An important conference was held at the White House late this afternoon, the participants beside the President, being Secretary Morton and Attorney General Moody. It related to the arrival today at Manila of the Russian cruisers Oleg, Aurora and Jemtchug and to the disposition to be made of them. It was determined to await fuller information concerning the incident before a definite decision was reached.

Rear Admiral Train, in command of the United States squadron now at Manila, having heard rumors of the sighting of Russian warships near the Island of Luzon, made an investigation, with his squadron and discovered the damaged cruisers making their way to port. The United States vessels, after an exchange of salutes with Admiral Enquist, in command of the Russians, escorted the three cruisers to Manila.

Officials here received the first news of the arrival of the Russian vessels at Manila from the Associated Press.

Soon afterward an official report was received at the Navy Department from Rear Admiral Train. Admiral Train reported that while cruising off Lingayen Gulf this morning he sighted three Russian vessels, the Aurora, Oleg and Jemtchug, close in shore. He said he found many wounded on board and escorted the vessels to Manila.

In the present circumstances, the vessels of either of the belligerent nations would be permitted to remain at a neutral port only twenty-four hours; or, if the ships were unseaworthy, only long enough to enable them to make the necessary temporay repairs, in order that they might reach their nearest home port. What, if any, request Admiral Enquist may make concerning the disposition of the vessels, is not known here. He may ask that the vessels be interned at Manila. Such a request would beg ranted by this government. The cruisers then would be in a position precisely similar to that of the Russian ship Lena, which about ten months ago was interned at San Francisco.

Instructions were cabled to Rear Admiral Train this afternoon to consider what steps it would be necessary for him to take in case Admiral Enquist should request that his vessels should be interned. Until a full report shall have been received from him, no further action will be taken by this government.

It is the opinion in official circles that the cruisers will be dismantled and held at Manila until the conclusion of hostilities.

Nebogatoff Probably Slandered.

St. Petersburg, June 3.—The statement that the ammunition on board Rear Admiral Nebogatoff's ships was exhausted when he surrendered was received with some relief, this being one of the conditions under which, according to the Russian naval regulations, a commander is allowed to surrender when the crew of a vessel is so depleted as to be unable to manage her and she about to sink. Nevertheless most of the naval men continue to be of the opinion that the seacock should have been opened and the ships sunk. Stories of mutiny on board the Russian vessels continue to circulate in the clubs and cafes but the admiralty will not admit that it has received any information tending to substantiate them. The officials admit, however, that some of the sailors mutinied off the coast of Madagascar and that a number of them were shot by Admiral Rojestvensky's orders.

Short of Ammunition.

Nagaski, June 3.—Survivors' statements show that the Japanese maneuvres drove a portion of the Russian fleet under the fire of the forts on Tsu Islands which sank the battleship Oslabya. On Saturday night owing to the frequent torpedo attacks and the fact that Russian vessels did not carry any lights, the fleet was much separated and became incapable of acting in combination. The only orders were to reach Vladivostok. The Russians were short of ammunition and their marksmanship was indifferent.

GEN. H. V. BOYNTON DIED YESTERDAY

Famous War Correspondent Who Won Rank of Brigadier General—Brilliant War Record.

By Wire to The Morning Star.

Atlantic City, N. J., June 3.—General H. V. Boynton, president of the Chickamuga Park Commission, died here today. He suffered from a complication of diseases. General Boynton had been ill since March but for a time had rallied sufficiently to permit him to resume his official duties. His strength soon failed him, however, and he suffered a relapse from which he had only partly recovered when he was removed to Atlantic City a week ago. He stood the trip from Washington to the seashore fairly well but was unable to combat the inroads which disease had made on him.

Washington, June 3.—General Henry VanNess Boynton had a notable career both as a soldier and as a newspaper correspondent. As a soldier he participated in some of the most stirring events of the Civil War and served again in the war with Spain. As a journalist he was intimately associated with the political affairs of Ohio, his adopted State, and with national affairs as a Washington newspaper correspondent.

Since 1865 General Boynton had been engaged in newspaper work in Washington and for a long time was the correspondent of the Cincinnati Commercial Gazette and his political and military contributions to that newspaper attracted attention through out the country. Subsequent to that time he had been the president of the Chickamauga Park Commission and it was largely through his efforts and familiarity with its needs that many of the improvements in that military reservation have been made. General Boynton also took an active interest in District of Columbia affairs and until recently was president of the board of education, which position he was compelled to relinquish on account of failing health.

Fitted by education and training for a military career, General Boynton entered the Civil War at the beginning of that conflict, being commissioned Major of the 35th Ohio volunteer infantry, was promoted to be lieutenant-colonel in July, 1863, and commanded the regiment during the Tennessee campaigns. He was brevetted brigadier general for good conduct at the battles of Chickamauga and Missionary Ridge. General Boynton was the author of the most notable of the criticisms called out by General William T. Sherman's "Memoirs," namely:

"Sherman's Historical Raid; the Memoirs in the Light of the Record; Review Based upon Compilations from the Files of the War Office."

The general was a member of the Society of the Army of the Cumberland; was a member and at one time had been the president of the Gridiron Club of Washington and was an intimate friend of the late President McKinley. He was a native of Massachusetts, but removed to Ohio when a young man. He was in the seventieth year of his age. A widow and daughter survive him.

The remains will be taken to Washington Monday afternoon where the funeral will occur Wednesday or Thursday. The interment will be in Arlington National Cemetery.

SILVER BELL FOR THE MISSOURI.

People of Missouri Present Battleship Beautiful Gift.

By Wire to the Morning Star.

Norfolk, Va., June 3.—A beautiful silver ball, the gift of the people of the State of Missouri, was presented to the battleship Missouri to-day as that vessel lay at anchor in Hampton Roads. The presentation was made by Miss Jule Cabaniss, a descendant of the founder of the city of St. Louis. Saunders Norvell, of St. Louis, chairman of the committee of the Missourians who accompanied Miss Cabaniss as sponsor, delivered an address and Captain Cowles commanding the Missouri, accepted the gift. The officers of the fleet now in Hampton Roads, and Colonel R. D. Potts and a number of army officers from Fort Monroe in full dress uniform were present. A luncheon on the Missouri concluded the ceremny.

FUTURE QUEEN OF GERMANY

Duchess Cecelia's Ante-Nuptial Advent Into the Capital of Empire

PRETTIER THAN HER PICTURE

Imperial Bride Rode in Carriage Over 200 Years Old—Regally Dressed But Unaffected, She Smiled On the People.

By Cable to The Morning Star.

Berlin, June 3.—Looking far more attractive than in any of her pictures, the Duchess Cecilia of Mecklenburg-Shwerein drove publicly into this city to-day. Hundreds of thousands of her future subjects saw her for the first time and they received her according to a carefully worth out programme. But when they saw her smiling happily, and with natural and not forced bearing their good feeling expressed itself spontaneously in many a "hoch!" and cheer. It is the sincere belief that she is not only the betrothed wife of the Crown Prince, but his sweetheart. As the chief burgomaster with in welcoming her, the people of the city hoped her life would be rose-strewn as was the pavement over which she drove.

The Crown Prince, following the tradition, led his company of foot guards over the route of the procession an hour before the Duchess entered the city, was also splendidly received. He acknowledged the cheering by saluting with his sword at every second step.

The Duchess Cecelia of Mecklenburg-Schwerin arrived at noon with her mother, the Grand Duchess Anastasia, the brother Frederick Francis, the reigning grand duke of Mecklenburg Schwerin, his wife and a numerous following. The Emperor, Empress and Crown Prince, the latter's five brothers and the little Princess Victoria met the party at the railroad station and breakfasted with them in the Chateau Bellevue station, in the garden, about two miles from the Imperial palace. There the Duchess Cecelia rested with the Empress while the others went to the palace.

The procession began to form between 4 and 5 in the afternoon in the wide space fronting the chateau and then moved through the Tiergarten to the Brandengurger gate, the boundary of the old city.

Forty mounted postmen in accord with the old custom rode in advance, followed by 100 mounted master-butchers in evening suits and opera hats.

Twenty mounted trumpeters, preceeded by a squadron of the first dragoons of the guard, in light blue tunics and wearing black helmets, and three six-horse court equipages followed. these vehibles were driven by postillions and were occupied by the gentlemen in waiting of the Empress and the future Crown Princess. They were separated by half a squadron of the garde du corps from an eight-horse state carriage containing the Duchess Cecelia sitting on the right of the Empress. The Duchess' mistress of the robes, the Baroness Von Tiele-Winckler, was seated opposite them.

The young Duchess wore an evening dress of pink silk muslin, cut decollete and trimmed with lace. The skirt which was embroidered with loose roses, had a deep flounce of point d'Angleterre lace. The Duchess' shoulders were bare. She wore a tiara of diamonds in her hair. The richly gilded carriage in which the Duchess sat, was an odd-looking piece of workmanship, new in the year 1793 when the future Queen Louise of Prussia, then a girl of seventeen, made her state entry into the city through the same gate.

The course of the procession lay for a mile through the Tiergarten. Where the roads crossed, there were children who sang a chorus, "God Greet Thee." Their voices sounded sweetly in the woods.

When inside the Brandenburger gate the Duchess came in view of one of the broadest avenues in the world, Unter den Linden, set from end to end with four rows of Venetian masts. Swinging from mast to mast were ropes of evergreens and roses while the lime trees also were hung with garlands of roses. Thousands of flags fluttered on each side of the avenue, Mecklenburg's red, yellow and blue predominating. The perspective from the arched gate to the palace at the other end was most beautiful. The Duchess, however, probably saw very little of the scene for she was bowing regularly to the right and to the left acknowledging the cheering of the crowds. The procession stopped inside the gate and one hundred maids of honor in white voile costumes curtisied. Each maid was crowned with roses and carried wreaths of roses. Fraulein Kirschner, daughter of the Chief Burgomaster of Berlin, presented a bouquet of roses to the Duchess who received it with a smile and a bow. Then the Chief Burgomaster, in a purple robe trimmed with fur and wearing the heavy gold chain insignia of his office, stepped forward and read a brief address of welcome. She thanked the Burgomaster in a few simple words, and the procession began to move again, the artillery at the other end of the Unter den Linden firing twenty-four guns.

Fifty little girls threw fresh roses under the horses' feet as the Duchess went on her way down the alley of lime trees, which were hung with roses, the people waving tiny flags and handkerchiefs and cheering. The members of the trades' and crafts' guilds and their apprentices were ranked on either side, the fish dealers with nets and tridents, the chimney sweeps with brooms and the basket-makers with gilded baskets.

The pageant started at 5 o'clock and had disappeared at 5.45 through one of the arched doorways of the palace. On the other side of the inner court yard the Emperor, the Crown Prince, Prince Henry of Prussia, and other members of the Imperial family, attended by all the visiting princes and foreign delegations, the ministers of state, and a number of generals and admirals received the Duchess. She went with members of the Imperial family to the room of the electors, so-called, and with the Crown Prince signed the marriage contract. Afterwards the members of the two families dined together.

Ambassador Tower who was accredible by cable as special Ambassador of the United States at the ceremonies, was received by the Emperor to-day. Mr. Tower presented the congratulations of the President and the people of the United States on the marriage of the Crown Prince.

The special representatives of other countries were also received in audience by the Emperor during the forenoon. The Chinese minister brought the Emperor the felicitations of the Chinese government emblazoned on parchment tied with yellow silk.

The arrangements were admirable throughout. Volunteer first aide assistants were stationed at intervals and took care promptly of policemen and others who were overcome by the heat of the sultry afternoon.

TWENTY-THREE OF CREW LOST.

Collision Between British Battleship and a Bark.

By Cable to The Morning Star.

London, June 3.—During a fog off Dungeness early this morning, the British battleship Caesar collided with the British bark Afghanistan. The Afghanistan sank two minutes after the collision. It is feared that twenty-three men on board the bark were drowned as only eleven of her crew of thirty-four were picked up. The Afghanistan was bound from Hamburg for San Diego and Portland, Oregon.

At the time of the accident the channel fleet, steaming in two columns with the Caesar leading the second column, suddenly entered a fog bank and was unable to give the signal to slow down.

Another disaster was narrowly averted as the battleship Hannibal shortly afterward fouled another vessel and carried away her head gear.

Prior to the collison betwen the Caesar and the Afghanistan the battleship Triumph collided with the battleship Swiftsure and both will have to be docked. The Caesar was considerably damaged.

The Afghanistan in clearing the ram of the Caesar was carried along the port side of the warship, whose torpedo boat nets, forebridge, searchlights, davits and boats were swept away and some of her plates at the bows were stove.

MONUMENT TO GENERAL HAYS.

Large Party of Pennsylvania Veterans Joined By Confederates.

By Wire to the Morning Star.

Richmond, Va., June 3.—A party of about 100 Pennsylvanias, including Federal Veterans, their wives and daughters, today viewed the battlefields in and around Fredericksburg and later went to the Wilderness battlefield in Spotsylvania county where interesting exercises were held incident to the unveiling of a fine monument to the memory of General Hays, of Pittsburg, Pa., who fell in the battle in 1863. The memorial is in the form of an immense canoe, weighing about seven tons, and suitably inscribed. It rests upon a granite pedestal weighing five tons. Besides the veterans there were present a large number of the people of Spotsylvania, besides a number of Confederate Veterans in uniforms and other citizens of Fredericksburg.

Accompanying the visiting party were a number of relatives of General Hays and a quartette of sweet singers. The programme consisted of singing, invocation by Rev. J. H. Light, of Fredericksburg, presentation of the monument by Rev. Nathan L. Brown, unveiling of the monument by Alden H. Hays, a relative of the dead general's; acceptance by Thomas H. Martin, of the Pennsylvania volunteers; an original poem on General Hays by Dr. Thomas Calver; an address by Judge John T. Goolrick, of Fredericksburg, an ex-Confederate; presentation of deed for the land on which the monument is situated, by Major W. S. Embrey, of Fredericksburg, an ex-Confederate, and acceptance by Captain David Shields who was personal aide to General Hays during the war between the States. The exercises closed with the singing of "Tenting on the Old Camp Ground" by the quartette, the assemblage joining in.

The monument to Stonewall Jackson, the intrepid Confederate leader, which stands near the Wilderness battlefield, was decorated with a handsome wreath by Captain Shields.

Storebreakers Bound Over.

Sam Long and George Boney, the two young negroes charged with breaking into the store of Mr. R. A. Montgomery Thursday night, were each bound over to the higher court by Mayor Waddell yesterday and, in default of $100 bond, they went to jail. Boney was held under an additional $100 bond for running away with a $10 bill which Mrs. G. A. Bronson had given him to get changed so that she could buy 10 dozen of the eggs that were offered for sale by him. The $10 bill was found on the person of Boney when he was chased by the officers into Smith's Creek and arrested.
